EDUCATION

- M.C.A.| Indira College Of Engineering and Management,Pune
- B.C.A.(Science)| KTHM College, Nashik
- XII (HSC) | A M Patil College, Pimpalner
- X(SSC) | K S C B Vidhyalay, Dhadane

CGPA:8.75(FYMCA)| Present
CGPA: 8.16|2024
80.17%| 2021
78%|2019

SKILLS

- **Programming Languages:** Java
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Tailwind
- **Databases:** SQL, MongoDB
- **Version Control & Tools:** Git, GitHub, VS Code, Eclipse, Postman, Swagger

EXPERIENCE

INCRONIX TECHNOLOGY Pvt. Ltd. – Software Developer Intern May 2025 – Aug 2025 | Pune, India

- Contributed to the Indent Management Project, focusing on backend development with Node.js, Express.js, and MongoDB, while also integrating APIs with React.js frontend.
- Built secure and scalable backend services including RESTful APIs, authentication/authorization, and optimized database schemas for smooth workflow.
- Enhanced project quality by designing UI screens in Figma, testing APIs with Postman, and collaborating via Git for version control and deployment.

ACADEMIC PROJECTS

EduTestify : Your gateway to seamless online examinations. | React.js, Node.js, Express.js, MongoDB (Live for Indira College for Engineering and Management , Pune) [Link](#)

- Developed a responsive MCQ portal using the MERN stack, featuring a modular, component-based frontend built with React and Tailwind CSS.
- Built a secure Node.js API with JWT authentication and role-based access control (RBAC) to manage distinct student and admin privileges.
- Implemented a MongoDB data model and an Excel parsing module to streamline bulk question uploads and efficiently manage user data

BankMate: Transaction at DoorStep | Java, HTML/CSS, Bootstrap, PostgreSQL

- Developed a doorstep cash withdrawal system leveraging portable mobile devices to assist elderly and physically challenged users, improving financial accessibility for underserved communities.
- Integrated secure transaction processing with real-time validation, encryption protocols, and PostgreSQL for managing user profiles, transaction logs, and audit trails, ensuring data integrity and transparency.

CERTIFICATIONS

- Software Engineer [Certificate](#) – HackerRank (Issued: May 8,2025)
- React [Certificate](#) – HackerRank (Issued: March 21, 2025)
- Java Programming [Certificate](#) – HackerRank (Issued: December 27, 2024)

ACHIEVEMENTS

- **2nd Place - CodeFest :** Achieved second rank in a technical coding competition focused on problem-solving and debugging.
- **Placement Coordinator :** Assisted in managing campus recruitment activities and student coordination.
- **District-Level Chess Player:** Competed in the Under-18 District Chess Championship, demonstrating strategic thinking and concentration.
